## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **YOU MUST BE SATISFIED. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

### **Our Mail Auction Sales Are Conducted in the Following**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the **maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

# IS THIS YOUR FIRST AUCTION CATALOG?

**Proof coins, branch mints 1892-1934 unc., currency and commemoratives** seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand, at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value.** In the final analysis, you, the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

## BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lot," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

# YOU MUST BE SATISFIED

Our Soles Are Cataloged With You In Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then) we want to hear them. Having cataloged over one hundred sixty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know it all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the wording of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

# WE EXTEND TO YOU OUR MANY FRIENDS AND CLIENTS

Our sincere wishes for a Merry Christmas and a Happy Numismatic Year. Your continued support enables us to maintain our Monthly Auction Sales which average from \$50,000.00 to over \$100,000.00 per sale, thereby permitting us to continue using our slogan, "America's Leading Coin Auctioneers." To you, our valued friends and customers, belong the credit for making mass merchandising with personalized attention possible. We want to hear your complaints as well as your good wishes.

A. M. and PAUL KAGIN.

### COMMEMORATIVE TYPE SET GOLD & SILVER

---

The spectacular advance in prices of these historical coins continues; many have doubled in value the past six months and appear to be headed for a repeat performance during the coming six months. We firmly believe that type com-mems of 25,000 issue or less will be bringing at least \$10 each by the end of 1954. Please lay this analysis of the market aside for comparison with market values a year from now. We can only point out what is happening in the market; whether you act on it is up to you.

## "BINGLE" MONEY OF ALASKA

---

- 76 In 1934, the U. S. Gov't. decided to colonize the Matanuska Valley of Alaska. 200 families were taken from the relief rolls in Minnesota, Michigan and Wisconsin and sent to the Matanuska Valley with the government loaning the families the money to start farming. A government store was built but it was soon discovered that the colony did not have enough money so the government authorized the manufacture of these money tokens which were made on a hand press machine. About 250 complete sets (8 pcs.) were made and nick-named "Bingle" in honor of Rev. Geo. Bingle who founded the Valley churches and was an aid to the whole colony. The ARRC at the bottom of value on coin denotes "Alaskan Rural Rehabilitation Corporation." A very rare set of tokens with the 1c thru \$1 being aluminum and the \$5 and \$10 brass (simulate gold). ## EARLY SILVER DOLLARS & "SPANISH MILLED DOLLARS"

---

Our listings of Spanish-American 8 real pieces with U.S. silver dollars have proved to be so popular that we have included another selection from a foreign consignment along with their rightful place, preceding and contemporary, with U.S. silver dollars. These are the coins the U.S. silver dollars were patterned after and in fact, were legal tender in the U.S. until 1857. It was the chief coin of the American Colonists. They cannot remain this low in price very much longer.

## **NEW 1954-55 GUIDE BOOK OF UNITED STATES COINS**

**A MUST for every collector of United States coins. Hundreds of price changes upwards — some over 300 per cent. Coins seem to now be advancing more rapidly than at any time previously with monthly rises in commemorative gold and silver, Liberty Head dimes, quarters and halves; Liberty Walking halves, and rarities in uncirculated condition. Dealers, who study the market, are in many instances paying more for coins than collectors who buy "now and then." We believe every collector should carefully study the valuations in the new Guidebook as well as dealers' buying ads before bidding. It is now truly a case of "he who hesitates will pay more later." Don't take our word for it—study the price lists of realized prices of auctions during the last three or four months. We can only reveal market trends—whether you use the information is up to you. CHECK THE BACK OF THE BID SHEET FOR THE 1954-55 GUIDE BOOK. A BARGAIN AT ONLY \$1.75.**
